

The straight stern of the new Interboat 6.5 gives a classic look but the underwater profile is ultra-modern. The ultra-efficient 27 hp diesel will easily achieve a small 16 knots and with the optional larger engines giving a top speed of 35 knots. This classically styled open boat has a hull that is ultra-modern, offering traditional looks with tender performance.

The Interboat 6.5 is a classically sloop design. Everything is designed for a lot of space, with up to 10 people seated comfortably. A midships next to the entry steps are insulated consoles that can for example be fitted with an electric cooling unit, a sink or just for extra storage space. The rear back seat has good high back support and gives seating for 4 people behind the wheel which is cozy for the captain.

The ultra modern design of it's hull offers tender performance with traditional looks. Specified with the larger engines this boat can reach approximately 6.5 knots, ideal for coastal and estuary cruising and with her solid build and full length keel provide easy and predictable handling.

The ultra modern design of it's hull offers tender performance with traditional looks. Specified with the larger engines this boat can reach approximately 200 knots, ideal for coastal and estuary cruising and with her solid build and full length keel provide easy and predictable handling.
